Due to lack of work, funds, disabilities and/or mental challenges there are those who are forced to be homeless and are truly in need of shelter but unable to attain it. These tents are only 3 lbs and fit into a backpack. They will provide these people with a decent, self-sustainable shelter when temperatures drop and its raining. It may not seem like much but for those who have nowhere else to go this will offer them a small space to stay dry, out of the cold, and feel a sense of security and hope until a better, more permanent solution is found. The tents purchased through this fundraiser will be handed out by volunteers to the Homeless within a 100 mile radius. Contact 806-771-2754 to help.
